Final Exam

Final: Question 7

Problem:

Using the `air_alliances` and `air_routes` collections, find which **alliance** has the most unique carriers(airlines) operating between the airports **JFK** and **LHR**, in either directions.

Names are distinct, i.e. `Delta != Delta Air Lines`

`src_airport` and `dst_airport` contain the originating and terminating airport information.

Attempts Remaining: Correct Answer   🔴 🛡️ ⚪

Choose the best answer:

○ SkyTeam, with 4 carriers

◉ OneWorld, with 4 carriers

○ Star Alliance, with 6 carriers

○ OneWorld, with 8 carriers

Correct!	See detailed answer
