Final Exam

Question 5

Problem:

Which of the following statements is/are true?

Attempts Remaining: **Correct Answer** ✅ ◯ ◯

Check all answers that apply:

- ☑ Query plans are removed from the plan cache on index creation, destruction, or server restart.

- ☑ If no indexes can be used then a collection scan will be necessary.

- ☑ Compound indexes can service queries that filter on a *prefix* of the index keys.

- ☐ Compound indexes can service queries that filter on any *subset* of the index keys.

- ☐ By default, the `explain()` command will execute your query.
