Chapter 4: CRUD Optimization

Covered Queries

Problem:

Given the following indexes:

```
                                                    COPY

{ _id: 1 }
{ name: 1, dob: 1 }
{ hair: 1, name: 1 }
```

Which of the following queries could be covered by one of the given indexes?
